CONSENT FOR OBTAINING, RETAINING, OR DISCLOSING GENETIC INFORMATION

Page 1 of 2

As used in this document, "genetic information" means any information that is obtained from a genetic test.

I. I understand that no insurer or corporation that provides health insurance, carrier serving small employers or health maintenance organization may:

- (a) Require me or any member of my family to take a genetic test;
- (b) Require me to disclose whether I or any member of my family has taken a genetic test;
- (c) Request my genetic information or the genetic information of a family member of my family; or
- (d) Determine the rates of any other aspect of the coverage or benefits for health care for me or my family based on whether I or any other member of my family has taken a genetic test or based on my genetic information or the genetic information of any member of my family.

2. I also understand that:

- (a) I have the right to receive the results of a genetic test, after the person conducting the test has received the results. The written results must indicate that, except as otherwise provided in chapter 629 of NRS, my genetic information may not be obtained, retained or disclosed without first obtaining my informed consent.
- (b) It is unlawful for a person or entity to obtain genetic information without my informed consent, unless the information is obtained;
 - (i) By a federal, state, county or city law enforcement agency to establish the identity of a person or a dead human body;
 - (ii) To determine the parentage or identity of a person in certain circumstances;
 - (iii) To determine the paternity of a person in certain circumstances;
 - (iv) For use in a study where the identities of the persons from whom the genetic information is obtained are not disclosed to the person conducting the study;
 - (v) To determine the presence of certain inheritable disorders in an infant in certain circumstances; or
 - (vi) Pursuant to an order of a court or competent jurisdiction.
- (c) It is unlawful for a person to retain genetic information that identifies me first obtaining my informed consent, unless retention of the genetic information is:
 - (i) Necessary to conduct a criminal investigation concerning the death of a person or a criminal or juvenile proceeding;
 - (ii) Authorized pursuant to an order of a court of competent jurisdiction; or
 - (iii) Necessary for certain medical facilities to maintain my medical records.
- (d) If I have authorized a person to retain my genetic information, I may request that the person destroys the genetic information. Such a person shall destroy the information, unless retention of the information is:
 - (i) Necessary to conduct a criminal investigation, an investigation concerning the death of a person or a criminal or a juvenile proceeding;
 - (ii) Authorized by an order of a court of competent jurisdiction;
 - (iii) Necessary for certain medical facilities to maintain my medical records; or
 - (iv) Authorized or required by law.

- (e) Except as otherwise provided by federal law or regulation, a person who obtains my genetic information for use in a study shall destroy the information upon completion of the study or my withdraw from the study whichever occurs first, unless I authorize the person conducting the study to retain my genetic information after the study is completed or upon my withdraw from the study.
- (f) it is unlawful for a person to disclose my identity if I was the subject of a genetic test or to disclose to another person genetic information that allows the other person to identify me without first obtaining my informed consent, unless the information is disclosed:
- (i) To conduct a criminal investigation, an investigation concerning the death of a person or a criminal or juvenile proceeding;
 - (ii) To determine the parentage or identity of a person in certain circumstances;
 - (iii) To determine the paternity of a person in certain circumstances.
 - (iv) Pursuant to an order of a court of competent jurisdiction;
 - (v) By a physician after I am deceased and my genetic information will assist in the medical diagnoses of persons related to me blood;
 - (vi) To a federal, state, county, or city law enforcement agency to establish the identity of a person dead body;
 - (vii) To determine the presence of certain inheritable preventable disorders in an infant in certain circumstances; or
 - (viii) By an agency of criminal justice in certain circumstances.
